Education

Swami Keshvanand Institute of Technology
Bachelor of Technology-ECE, CGPA – 9.2

Jaipur, Rajasthan
2019–2023

Experience

einfochips (An Arrow Company)

Ahmedabad

Embedded Engineer

Jan 2023– Aug 2023

- Navigated and resolved challenges in embedded systems development, contributing to quicker project turnaround time.
- Demonstrated expertise in C and C++, cross-platform compatibility, and collaboration within multidisciplinary teams.
- Adapted to new technologies, showcased quick learning, and troubleshooting skills.
- Collaborated with mentors to gather requirements, contributing to high-level design discussions for System-on-Modules (SoM).

Projects

Study Learning

, [Link - View](#)

- Developed a front-end website using HTML5 and CSS3 for responsive and visually appealing web pages.
- Implemented intuitive UI/UX design practices for navigation, layout, and content presentation.
- Utilized CSS Flexbox and Grid for structured and flexible layouts.
- Integrated images using relative paths for accessibility and faster loading.
- Ensured consistent styling across the website using CSS variables for brand identity.
- Developed responsive designs through media queries for compatibility across devices and screen sizes.

Currency-Convertor

, [Link - View](#)

- Developed a currency converter using HTML, CSS, and JavaScript for fetching real-time exchange rates.
- Implemented responsive design techniques for compatibility across various devices and screen sizes.
- Utilized JavaScript for DOM manipulation and event handling for dropdown selections and form submission.
- Incorporated API integration to fetch and display live currency exchange rates.
- Ensured accessibility standards through alt text for images and improved readability on different screen sizes.
